

DME: RENT TO PURCHASE PROGRAM

In the last year
alone, Carlisle
Medical's DME
Rent to Purchase
program resulted
in client savings
of over
\$960,000.

Carlisle's Rent to Purchase program prevents overbilling once the cumulative purchase price of a product has been met. In the last year alone, Carlisle's Rental program resulted in client savings of over \$960,000.

With patient's varied recovery times, we performed a case study on the savings accomplished by using Carlisle's Rental program. Shown to the right are just some of the savings we have provided to our clients in the past 12 months.
